**DETAILED ACTION**

***Response to Amendment***

1. The amendment filed on 01/07/05 has been entered, made of record, and is sufficient to overcome the previously cited reference(s). Claims have been renumbered 1-49.

***Allowable Subject Matter***

2. Claims 1- 49 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1-49 are allowable over the prior art of record because the Examiner found neither prior art cited in its entirety, nor based on the prior art, found any motivation to combine any of the said prior art which teaches an image recording apparatus, comprising: a recording device to record an image on a recording medium by emitting ink onto said recording medium; a cutting member to cut said recording medium after said recording device records said image, said cutting member being disposed downstream in respect to said recording device in a conveying-direction of said recording medium; a second conveyance member to convey said recording medium, said second conveyance member being disposed at a position located between said recording device and said cutting member in said conveying-direction of said recording medium; and a conveyance controller to control said second conveyance member so as to generate a stack of said recording medium at a section between said recording device and said second conveyance member in said conveying-direction of said recording medium; wherein said conveyance controller controls a conveying-velocity of said recording medium conveyed by said second conveyance member, respectively as set forth in claims 1, 18-23,44 including all of the features recited therein.
